About Me

An Information Technology student at President University with a strong focus on cybersecurity. Experienced in designing security systems, monitoring incidents, and identifying system vulnerabilities. Also involved in event logistics management, demonstrating organizational and coordination skills. Eager to contribute and grow in a professional working environment.

Skills

Programming Languages
- HTML, CSS, Java Script and Python

Cybersecurity & Networking Tools
- Wazuh, Suricata, Wireshark, Nmap, Kali Linux, Burp Suite

Database & Query Language
- SQL, MySQL

Software & Platforms
- VirtualBox, Docker, Git, GitHub, VS Code

Others / Soft Skills
- Problem solving, teamwork, Leadership and public speaking

Education

President University | 2023 - Present
S1 Information Technology - Cybersecurity
Semester: 6 | IPK: 3.68 / 4.00

Certification

- **Awareness of Social Cyber Attacks** - Badan Siber dan Sandi Negara (2025)
- **Pelatihan Generative AI** - Digital Talent Scholarship (2024)

Languages

- Indonesian - Native
- English - Intermediate

Experience

Cybersecurity Bootcamp Project - Integrated Intrusion Detection Systems: Monitoring and Response to Network and Host Anomalies

President University | apr 2025 - May 2025
- Performing cyber attack simulations using Kali Linux against target systems
- Integrating Wazuh (HIDS) and Suricata (NIDS) to detect network traffic anomalies
- Analyzing security logs and creating simple incident response reports

Capture The Flag (CTF) Participants - President University Cyber Security Boothcamp

President University | Feb 2025 - Mar 2025
- Participated in an internal CTF competition consisting of Cryptography, Web Exploitation, Forensics, and OSINT categories
- Successfully completed challenges in the Web Exploitation and Cryptography categories in approximately 1 hour, depending on the difficulty level
- Used tools such as Burp Suite, CyberChef, Wireshark, and Python scripting to solve the challenges
- Enhanced skills in web vulnerability analysis, encrypted data processing, and logical thinking

Student Council President (OSIS)

SMAIT Mutiara Hikmah | Aug 2022 - Apr 2023
- Led a team of 30+ students to coordinate school-wide events, including Independence Day ceremony, talent shows, and leadership training.
- Organized monthly student meetings and communicated proposals to the school leadership board.
- Developed leadership, team coordination, and public speaking skills through direct engagement and event management.
